Report and endorsement of the Board of Directors and the Managing Director

The purpose of Stefir hf. is to operate UCITS, investment funds and institutional investors' funds. The company also manages the assets of several partnerships limited by shares that have been established around enterprise investment schemes. Stefir is Iceland's largest fund management company with assets of approximately ISK 414 billion under active management. Stefir is a subsidiary of Arion Bank hf. and the A-part of the Financial Statements is part of the Consolidated Financial Statements of the Bank and its subsidiaries.

The Financial Statements of the company are divided in two: part A which includes the Financial Statements of Stefir hf. and part B which includes the Financial Statements of UCITS, investment funds and institutional investors' funds. They have been prepared according to the same accounting methods as last year. The Financial Statements have been prepared in accordance with the Annual Accounts Act, the Financial Undertakings Act and the rules of the Financial Supervisory Authority on the accounts of UCITS management companies.

Operations during the year

The company reported earnings of ISK 1,046 million in the year according to the income statement. The company's equity at the end of the year was ISK 2,570 million according to the balance sheet. The capital ratio, calculated according to the Act on Financial Undertakings, is 65.2%, the minimum being 8.0% according to the Act.

At the beginning and end of the year, the company's share capital was ISK 43.5 million and was entirely owned by Arion Bank hf. and related companies.

Highlights of 2013

The company's annual general meeting was held on 20 March 2013 and a decision was taken to pay a dividend of ISK 900 million to the shareholders of Stefir. The board of directors of Stefir was elected at the meeting and comprises the following members: Hrund Rudolfsdóttir, chairman, Snjólfur Ólafsson, vice chairman, Jökull Heiddal Úlfsson, Kristján Jóhannsson and Svava Bjarnadóttir are board members.

In 2012 Stefir was recognized as the first Icelandic company to be "A model company in good corporate governance." This honour was granted by the Center for Corporate Governance at the University of Iceland and is awarded on the basis of a number of factors, including a survey conducted by the auditing company KPMG ehf. In July 2013 Stefir was given the same award for 2013. The company is constantly working on maintaining and developing corporate governance and the board's decision to formally establish a remuneration committee during the spring is part of this effort. The board therefore now has two sub-committees; an audit committee was already functioning.

In March 2013 Stefir hf. became a member of the Icelandic Financial Services Association (SFF). By becoming a member of the SFF the company will help protect the interests of the Icelandic financial sector and will also become a member of the Confederation of Icelandic Employers (SA).

Assets under management increased from approximately ISK 386 billion to more than ISK 414 billion during the year, an increase of 7.2% year on year. At the same time the company has diversified its income base due to a broader range of funds in its fund offerings.

Over the year there was a substantial difference between different asset classes in terms of returns. Bond funds yielded significantly lower nominal returns than last year, with the exception of non-indexed government bonds. The main reasons for this are the appreciation of the Icelandic króna at the beginning of the year, falling inflation and rising yields on indexed bonds. Non-indexed bonds made gains during the early part of the year. Numerous other external factors, such as uncertainty over union wage agreements, the government's proposals on debt relief and the government budget also affected the bond market. Equities funds managed by Stefir and mixed funds with a focus on equities had an excellent year. There was a strong flow of capital into the funds and returns were outstanding. Stefir – ÍS 15 yielded over 43% nominal return in 2013 and Stefir Managed Balanced Fund yielded over 21% nominal return. International funds managed by the company also had a good year, mirroring the strong performance of international markets generally. The MSCI world index in euros yielded more than 21% in 2013. Emerging markets struggled during the year as can be seen by the performance of international funds which invested in these markets. The capital controls place significant restrictions on investments by individuals and institutional investors, and international funds run and managed by Stefir have limited growth potential in this environment.

Notes to the Financial Statements

Accounting policies

1. General information

Stefnir hf. is a limited liability entity and operates in accordance with Act. 2/1995 on Limited Liability Companies and Act. 161/2002 on Financial Undertakings. The address of Stefnir's registered office is at Borgartún 19, Reykjavík and its ID no. is 700996-2479.

Stefnir is að subsidiary of Arion Bank hf., ID no. 581008-0150, Borgartún 19, Reykjavík.

2. Basis of preparation

The Financial Statements of Stefnir hf., A-part, are prepared in accordance with law on Financial Statements, law on Financial Undertakings and Rules on the Financial Statements of management companies of UCITS. The Financial Statements are prepared on the historical cost basis except for Securities that are valued at fair value. The Financial Statements are presented in Icelandic króna (ISK), rounded to the nearest thousand unless otherwise stated. The Financial Statements of Stefnir hf. are part of the Consolidated Financial Statements for the parent company with information on operations and financial position of the Consolidated company.

3. Use of estimates and judgements

The preparation of Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses in the Financial Statements presented. Use of available information and application of judgement are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the Financial Statements.

4. Management and performance based fees

The company earns asset management fees for the operations of Stefnir's Securities Funds, Investment Funds and Professional Investors' Funds. The fee is a fixed percentage of the net assets, total assets or subscriptions of each fund and includes the following operating expenses of the funds; salaries of the employees of the operating company, marketing and management. Fees are also earned from the operation of special purpose entities that have been established for enterprise investments. Additionally the company earns fees for the asset management of foreign funds that are in custody of foreign entities. Performance fees are earned if certain conditions are met.

5. Securities

a. Securities with variable income

Securities owned by the company are trading assets. Fund units and shares in special purpose entities are measured at cost at year end. Listed fund units are measured at market value at end of the year

b. Securities with fixed income

Bonds that are listed on regulated securities market which is active and price generating are measured at market price at each time. The expression "active and price generating" means that the closing price of a bond is not based on old trades, trading with an insignificant portion of the total issuance or does not reflect the fair value of the bond as valued by specialists. If the issuer of a bond is expected to default, the bond is valued at the expected recoverable amount taking into account priority order of claims.

A bond where the issuer is deemed viable but is not listed on an active and price generating securities market is measured at present value of future cash flow. The choice of yield curve used for each bond is based on general risk and the circumstances on the market at the end of the year.

For a bond where the issuer is not deemed viable the methods described above are deviated from and the bond is measured at expected recovery value and no interest income is realised. The estimate of expected recovery value takes into account the experience of the recovery from similar issuers, the financial statements of the issuer and statements issued by it. If the issuer is in administration, has defaulted or stated that payments of the bond will not be made the expected recovery is measured 0-1% and the bond entered into a collection process. If new information is received from issuers that have previously been fully provisioned for, the bond is re-valued, which might change the valuation of the bond to higher value. Due to significant uncertainty about the valuation of bonds the final recovery might vary considerably from the valuation at year end.

Notes, continued:

6. Foreign currency transactions

Transactions in foreign currencies are translated to Icelandic króna at exchange rates at the dates of transactions, according to Reuter. Assets and liabilities denominated in foreign currency are translated at exchange rate at the end of the year. Net foreign assets at 31 December amount to ISK 1.158 millions and are specified as follows:

	EUR	USD	GBP	Other
Assets	1.087.926	38.614	33.307	4.483
Liabilities	(2.693)	(498)	(2.987)	0
Net balance 31.12.2013	1.085.233	38.115	30.320	4.483
Net balance 31.12.2012	1.062.138	45.581	37.944	225

7. Receivables

Receivables are measured at nominal value deducted by impairment.

8. Cash

Cash consists of cash and deposits with credit institutions.

9. Tax assets

The calculation of deferred tax asset is based on the difference between Statement of Financial Position items as presented in the tax return on the one hand, and in the Financial Statements on the other. This difference is due to the fact that tax assessments are based on premises that differ from those governing the Financial Statements, mostly because of time difference in impairment of securities and foreign exchange gain and loss are distributed over three years in the tax return.

18. Other information

In October 2011 the winding-up committee of Landsbanki Íslands brought legal action against the company demanding the annulment and repayment of payments made by Landsbanki Íslands of money market deposits which matured in early October 2008 to two funds managed by Stefnir. The amount involved was ISK 450 million plus interest. As a result of judgment by Reykjavík District Court, Stefnir, on behalf of the two funds, was ordered to repay the amounts. The company made provision in respect of this case in 2012. The case was appealed to the Supreme Court of Iceland where Stefnir was acquitted on 16 January 2014.

In the case of any discrepancy between the English and the Icelandic texts, the Icelandic versions shall prevail and questions of interpretation will be addressed solely in the Icelandic language.

Corporate Governance Statement of Stefnr hf. 2014

This corporate governance statement by Stefnr hf. is in compliance with the requirements set forth in recognized guidelines at the time these financial statements are approved by the board of the company and the provisions Article 19 of Act No. 161/2002. Guidelines on Corporate Governance, 4th edition, issued by the Icelandic Chamber of Commerce, the Confederation of Icelandic Employers and NASDAQ OMX Iceland hf. and OECD Principles of Corporate Governance were taken into special consideration when the Stefnr hf.'s corporate governance statement was written. Both the Guidelines on Corporate Governance and the Principles of Corporate Governance can be viewed on Stefnr's website.

In 2012 Stefnr was recognized as the first Icelandic company to be "A model company in good corporate governance." This honour was granted by the Center for Corporate Governance at the University of Iceland and is based on a survey conducted by the auditing company KPMG ehf. In 2013 Stefnr was granted the same recognition and therefore remains a model company in good corporate governance in Iceland.

The board of directors of Stefnr believes that good corporate governance is a key factor behind Stefnr's success as a leading fund management company in Iceland. Corporate governance provides companies with a framework in which objectives are defined, which tools should be used to achieve these objectives and how the success of these objectives is measured. Good corporate governance is designed to provide the right incentives to the board of directors and management to exploit the opportunities which serve the interests of the company, the shareholders and general public. Good corporate governance also enables the board to perform its monitoring duties effectively.

Stefnr hf. is an independent financial institution according to the Financial Undertakings Act No. 161/2002. The company manages UCITS, investment funds and professional investor funds under Act No. 128/2011. In addition to this, the company is licensed to operate asset management services, investment advisory and to manage financial instruments for collective investments, cf. sub-paragraphs 1-3 of paragraph 1 of Article 27 of Act No. 161/2002. Stefnr is Iceland's largest fund manager with assets of approximately ISK 414 billion under active management. Stefnr has 21 employees with average experience on the financial markets of 10 years.

Stefnr is a subsidiary of Arion Bank hf. The company is fully owned by Arion Bank and related companies. The company's corporate governance statement serves to encourage open and reliable communications between the board, shareholders and other stakeholders such as unit holders in funds managed by Stefnr, parties that service and participate in the operations of Stefnr, employees and the general public.

The company's operations are subject to stringent restrictions by the legislator. The company's operations are governed by acts of law including the Financial Undertakings Act No. 161/2002 and the UCITS, Investment Funds and Institutional Investor Funds Act, No. 128/2011. Stefnr is monitored by the FME under Act No. 87/1998.

Risk management and active internal control are mainstays of the responsible operation of a fund management company. The board of directors of Stefnr has devised a risk strategy for the company:

"Stefnr's board of directors is aware that risk management and active internal control are some of the mainstays of a responsible fund management company. By formulating a clear risk policy the board continues to encourage the existing strong risk management culture within Stefnr and simultaneously informs its policy to its stakeholders.

All risk within Stefnr's operations is identified and assessed regularly and a process to monitor and report this risk is in place. Stefnr operates a strong control environment which utilizes policies, processes and systems to appropriate internal controls and risk mitigation. Stefnr has in place a continuity plan to ensure the ability to operate despite a severe business disruption. Through corporate governance the board of directors ensures that the policies, processes and systems are implemented at all decision levels."

Compliance, internal audit and some risk management functions are outsourced to Arion Bank with the permission of the FME and the board is regularly informed of issues concerning the above.

The company's accounting is the responsibility of Arion Bank's finance division. The FME has authorized the outsourcing of this task. Arion Bank is also the depository of Stefnr hf. and the financial statements of Stefnr's funds are the responsibility of the Bank. The auditing committee examines the financial statement and obtains the opinion of an external auditor on the six-month financial results and 12-month financial results of Stefnr and the funds managed by Stefnr. Reporting to the board of directors with respect to the accounts is the responsibility of the committee; the board also meets the auditing company Ernst & Young hf.

Corporate Governance Statement, cont.:

Stefnir has five board members and five alternate members. The majority of the board is independent of Arion Bank, Stefnir's parent company, and the company itself. All board members are elected at a shareholders' meeting of the company. The managing director is hired by the board and has the mandate from the board to manage the day-to-day operations of the company. Board meetings are held regularly, on average once a month and more often if required. An employee of Stefnir is the secretary of the board. Stefnir's legal representative is also present and provides board members with legal advice at board meetings. There were 14 board meetings during the year and there was a quorum present at every meeting. The board's rules of procedure, work schedule and articles of association can be seen on the company's website, www.stefnir.is/english.

The board of directors of Stefnir comprises the independent board members Hrund Rudolfsdóttir, Chairman, CEO of Veritas, Snjólfur Ólafsson, Vice Chairman, professor in the faculty of business administration at the University of Iceland, Kristján Jóhannsson, chairman of Icepharma hf. and Svava Bjarnadóttir, partner and consultant at Strategía. The dependent board member is Jökull H. Úlfsson, head of A Plus at Arion Bank hf. The majority of board members have served on the board since 2009. Kristján Jóhannsson was elected to the board in June 2011 and Jökull H. Úlfsson in March 2013. Further information on the board members of Stefnir can be seen on the company's website.

The alternate board members are Ásgerdur Hrönn Sveinsdóttir, area and branch manager at Arion Bank hf, Gunnar Ingi Jóhannsson, attorney at Lögmenn Höfdabakka, Kristbjörg Edda Jóhannsdóttir, head of marketing at Síminn, Thórhallur Örn Guðlaugsson, lecturer in the faculty of business administration at the University of Iceland, and Hördur Kvaran, specialist in Arion Bank's finance division.

The audit committee, elected by the board, was re-elected from the previous year. The chairman of the committee is Snjólfur Ólafsson. The other committee members are Guðlaug Sigurdardóttir and Sturla Jónsson. The audit committee met five times in 2013 and achieved a quorum on each occasion. The committee members are independent of the company and their broad expertise in business administration, auditing and management was put to good use in the course of the committee's business. The committee submits its annual report to the board of directors in the first quarter of every year. Stefnir's remuneration committee was founded during the year. Its members are Hrund Rudolfsdóttir and Svava Bjarnadóttir. The main roles of the committee are to establish a remuneration policy for the company and to make proposals on salaries and other remuneration to the managing director, other management and board of Stefnir. The company's remuneration policy can be read on its website.

The board members of Stefnir jointly devised the following mission statement for the board:

The board's key role is to establish a corporate strategy and ensure that it is implemented. The core of the strategy is for the company to be a leading fund management company and to ensure that the interests of clients, owners, employees and the community at large are prime considerations. The focus is on running a solid and profitable business and minimizing risk. The board places a strong emphasis on good corporate governance and ensuring that the board and company operate at all times in compliance with the law, rules and good business practices.

The role of the board is defined in more detail in the rules of procedures and the company's articles of association.

The board assesses its work annually and proposes ways to make improvements. The managing director is not present during the assessment and the chairman leaves the meeting when the board members assessed her work. The assessment is then compiled, the board's proposals for improvements are sent out the relevant parties and a time frame is set for completion.

The company's managing director since 1 July 2009 has been Flóki Halldórsson (born 1973), an economics graduate from the University of Iceland. Flóki has extensive experience of the financial markets and management. The managing director is responsible for ensuring that the day-to-day operations of the company are conducted according to the strategy and instructions given by the board of directors; cf. Paragraph 2, Article 68 of the Public Limited Companies Act. He is responsible for reporting to internal and external supervisory bodies. The managing director is authorized to grant other employees of the company the power to handle limited authorizations of their duties.

Corporate Governance Statement, cont.:

The managing director is responsible for analysing, measuring, monitoring and supervising risks associated with the operations of the company. The managing director shall maintain an organizational chart that clearly specifies areas of responsibility, employees' authorizations and channels of communications. The managing director shall formalize objectives for internal control in consultation with the board and ensure that the follow-up is efficient. The managing director hires and dismisses the employees of the company, other than those discussed in Article 16 of Act No. 161/2002 and discharges them.

New rules of procedure for the board were approved in January 2014. The rules were established with reference to Article 54 (2) of the Financial Undertakings Act and Article 70 (5) of the Public Limited Companies Act. The rules of procedure are largely based on guidelines No. 1/2010 of the Financial Supervisory Authority (FME) and the company's articles of association. The work undertaken in relation to the company's recognition as a model company in good corporate governance has been important in this respect. The rules of procedure can be viewed on Stefmir's website.

Stefmir has been at the forefront in offering its clients competitive and responsible investment options in virtually all asset classes. It is vital that the company is able to pass on information accurately and simply to investors. The company's website performs an important role in this respect by displaying detailed information on all the Stefmir funds available to the public.

No judgements for punishable acts according to the Criminal Code, the competition law, the act on financial undertakings or laws on public limited companies, private limited companies, book-keeping, annual accounts, bankruptcy or taxation, nor under special legislation applicable to parties subject to public supervision of financial activities, have been passed on Stefmir hf. Information on court cases relating to Stefmir can be found in the notes to the company's annual financial statement.
