KATLA FUND

Notes to the financial statements

as at 30th June 2020

Note 1 - General information

KATLA FUND (the "SICAV") is an Investment Company with Variable Capital ("*Société d'Investissement à Capital Variable*" - SICAV) with multiple Sub-Funds organized under Luxembourg law. The SICAV is governed under the Council Directive 2009/65/EC as amended and the provisions of Part I of the law of 17th December 2010 as amended.

At the end of each financial year ended on 31st December, the SICAV publishes an audited annual report, as well as, at the end of each semester, an unaudited half-yearly report. The accounts and the financial statements of the SICAV are expressed in EUR and correspond to the financial statements of the sole Sub-Fund open.

The Net Asset Value, issue, redemption and conversion price of each class of shares are available every full bank working day in Luxembourg at the SICAV's registered office.

The following documents are made available to the public at the registered office of the SICAV and at the registered office of the Management Company:

- The Prospectus of the SICAV, including the Articles of Incorporation and the fact sheets,
- The key investor information documents ("KIID") of the SICAV, (also published on www.conventum.lu),
- The financial reports of the SICAV.

The complaints handling procedure setup in accordance with the CSSF Regulation relating to the out-of-court resolution of complaints is available at the SICAV's registered office free of charge upon request.

Note 2 - Significant accounting policies

a) Presentation of the financial statements

The financial statements of the SICAV are prepared in accordance with the Luxembourg legal and regulatory requirements concerning undertakings for collective investment and with generally accepted accounting principles in Luxembourg. The financial statements of the SICAV have been prepared on a going concern basis.

b) Valuation of assets

The assets' values are determined as follows:

The value of cash on hand or on deposit, bills and notes due on demand, accounts receivable, prepaid expenses, dividends, and interest declared or due but not yet received consists of the nominal value of these assets, unless it is unlikely that this value is received, in which event, the value is determined by deducting an amount which the SICAV deems adequate to reflect the real value of these assets.

The value of all transferable securities, money-market instruments and financial derivative instruments that are listed on a stock exchange or traded on another regulated market that operates regularly, and is recognised and open to the public, is determined based on the most recent available price.

In the case of SICAV investments that are listed on a stock exchange or traded on another regulated market that operates regularly, is recognised and open to the public and traded by market makers outside the stock exchange on which the investments are listed or of the market on which they are traded, the Board of Directors may determine the main market for the investments in question that will be then evaluated at the last available price on that market.

KATLA FUND

Notes to the financial statements (continued)

as at 30th June 2020

Money market instruments and fixed-interest securities, the residual maturity of which is less than one year, may be valued on the basis of amortised cost, a method that consists after purchase in taking into account a straight-line amortisation to arrive at the redemption price at the security's maturity.

The value of securities representative of an open-ended undertaking for collective investment is determined according to the last official net asset value per unit or according to the last estimated net asset value if it is more recent than the official net asset value, and provided that the SICAV is assured that the valuation method used for this estimate is consistent with that used for the calculation of the official net asset value.

c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

d) Net realised gain/(loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost.

e) Investment portfolio income

Dividend income is recorded at the ex-date, net of any withholding tax.

f) Formation expenses

The formation expenses of the Sub-Fund KATLA FUND - GLOBAL VALUE are fully amortised.

If the launch of a Sub-Fund occurs after the launch date of the SICAV, the costs of formation in relation to the launch of the new Sub-Fund shall be charged to such Sub-Fund alone and may be amortised over a maximum of 5 years with effect from the Sub-Fund's launch date.

g) Conversion of foreign currencies

Cash at banks, other net assets and liabilities and the market value of the securities in portfolio expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction.

Note 3 - Management fees

The SICAV has appointed CONVENTUM ASSET MANAGEMENT as Management Company.

The Management Company may delegate, under its responsibility and its control, the management of the assets of one or several Sub-Funds of the SICAV to one or several Investment Managers. The Management Company has appointed STEFNIR ASSET MANAGEMENT COMPANY HF. as Investment Manager of the Sub-Fund. The Investment Manager STEFNIR ASSET MANAGEMENT COMPANY HF. is entitled to receive an annual commission at the rate indicated below:

- KATLA FUND - GLOBAL VALUE 1.50%

The management fee is payable quarterly and is calculated on the basis of the average net assets of each Sub-Fund for the relevant quarter.

KATLA FUND

Notes to the financial statements (continued)

as at 30th June 2020

Note 4 - Subscription, redemption and conversion fees

A subscription fee up to 2% of the subscription amount and a conversion fee up to 0.5% of the conversion amount may be applied.

No redemption fee is applied.

Note 5 - Subscription duty ("*Taxe d'abonnement*")

The SICAV is governed by Luxembourg law.

Pursuant to the legislation and regulations in force, the SICAV is subject to an annual "*taxe d'abonnement*" of 0.05% which is payable quarterly and calculated on the basis of the net assets of each sub-fund on the last day of each quarter.

Pursuant to Article 175 (a) of the amended law of 17th December 2010 the net assets invested in undertakings for collective investment already subject to the "*taxe d'abonnement*" are exempt from this tax.

Note 6 - Statement of changes in investments

The statement of changes in investments for the period in reference to the report is available free of charge at the registered office of the SICAV.

Note 7 - Event

The Board acknowledges that the spreading of COVID-19 represents a significant challenge to humankind and has, in addition to significant health and social impacts, a significant and adverse impact on the economic and market conditions in which our SICAV operates, as evidenced by the corrections in the financial markets, negatively impacting the valuation of many of the SICAV's portfolio companies.

The Board will continue to monitor the evolution of COVID-19 and of the measures taken by governmental authorities in this respect and, in consultation and coordination with the SICAV's main service providers, assess their impacts on the SICAV's net assets, activities and organization.

With the widespread outbreak of COVID-19, the volatility of the financial markets in which the SICAV is invested and, consequently, the volatility of the SICAV's net asset values, have significantly increased. Apart from this, the SICAV did not experience valuation or liquidity issues regarding its investment portfolios nor other issues preventing the proper running of its affairs.

This being stated, it is premature, at the date of this report, to make a specific assessment or quantification of the possible issues that the evolution of COVID-19 and of the measures taken by governmental authorities in this respect might have on the SICAV in the short, medium and long term, due to the uncertainty about their consequences.

KATLA FUND

Additional information

as at 30th June 2020

Information concerning the transparency of securities financing transactions and of reuse of cash collateral (regulation EU 2015/2365, hereafter "SFTR")

During the reporting period, the SICAV did not engage in transactions which are subject to the publication requirements of SFTR. Accordingly, no information concerning the transparency of securities financing transactions and of reuse of cash collateral should be reported.
